HealthSpan Medicare Plus (Cost) Plan

Provider Directory

This directory provides a list of HealthSpan network providers.

This directory is for the service area of our Ohio region, which is the following counties: Cuyahoga, Geauga, Lake, Lorain, Medina, Portage and Summit.

This directory is current as of January 2014. Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members. To get the most up-to-date information about HealthSpan’s network providers in your area, you can visit healthspan.org/locations or call our Customer Relations Department at 1-800-493-6004, seven days a week, 8 a.m. to 8 p.m. TTY/TDD users should call 711.

HealthSpan is a Cost plan with a Medicare contract. Enrollment in HealthSpan depends on contract renewal.

This document is available in different format for the visually impaired by calling Customer Relations at the number listed above.
SECTION 1 -
Introduction

This directory provides a list of HealthSpan Medicare Plus’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. For more information about obtaining covered services from non-network providers, please see Section Non-plan providers and When a non-network provider sends you a bill.

Some services may require a referral. If your primary care physician decides that you require covered services from other providers, you will usually be referred to a network physician. Should you require services not available within our network or where such services do not meet regulatory requirements for access, you might be referred to an associated provider in the community for that service. You must have an authorized referral for specialists and non-plan providers for us to cover the services and/or supplies provided. In some cases, you may get covered services from non-network providers.

Use this directory to learn about selecting your PCP and getting referrals. These processes are described in detail on the following pages.
Our Provider Network:

The HealthSpan Physicians

In the HealthSpan Physicians, there are a broad range of expertly skilled physicians. They practice in HealthSpan medical offices and care for HealthSpan members. The group includes physicians from all major specialties and most subspecialties in addition to alternative and complementary medicine, and behavioral health.

When you choose a HealthSpan physician, you can be confident that he or she has immediate access to your medical information so that you get the right care at the right time—care that is personalized, affordable, and coordinated. Your doctors are part of a single, integrated medical group that enables them to easily consult about your health with other doctors, pharmacists, nurses, and other HealthSpan health professionals locally and across the country.

The electronic medical record system also provides information about your health to any HealthSpan caregiver who can see your medical record. That means most of the prescriptions written by HealthSpan physicians are sent electronically to our medical office pharmacies, so they can be filled fast and you can be on your way. When you speak with an advice nurse, they can easily access your information through your secure electronic medical record, which is at their fingertips.

That same technology connects your HealthSpan doctor to you. At healthspan.org, you can email your doctor’s office, read doctor’s instructions, manage appointments, read most lab test results, order most prescription refills, and more.

Your primary care physician

Establishing a relationship with a physician and seeing him or her regularly is important so you get consistent and personalized care. You will have to choose one of our network providers who are listed in this directory to be your Primary Care Physician (PCP). The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP.

Your PCP partners with you to help you live the healthiest life possible. He or she coordinates your care, orders needed tests, and consults with specialists, pharmacists, and others, as needed. Adults should select a PCP who specializes in internal medicine or family practice. You may also choose a family practitioner to care for your entire family. When you have a PCP, you always have a physician who knows you, understands your health goals and preferences, and advocates for you.

Note: In addition to HealthSpan physicians, you may also choose from among affiliated physicians for primary care and obstetrics/gynecology. Affiliated physicians are in private practice in the community, located in throughout our service area.

Each HealthSpan PCP has a panel of patients composed of members who have either selected or been assigned to that physician. Occasionally, we must temporarily close a physician’s panel to new patients because of high demand to see that physician. If, when choosing your PCP, you are told the physician you have selected is not accepting new patients, we will try to offer you another physician who is a member of your originally requested physician’s health care team.
Your doctor’s office, plus added convenience

You may choose to receive care in any of our medical offices in Ohio (see page 10).

Because HealthSpan staff and physicians respect your time, convenience extends beyond the walls of your medical office. You can set telephone appointments with your doctor to save trips to his or her office and whenever you need medical advice, specially trained nurses are on call 24 hours a day, seven days a week.

Referrals for specialty care

You must get your routine or basic care from your primary care physician (PCP). Your PCP may also coordinate the rest of your care and may refer you to a specialist when needed. You can also consult with some of our specialists—without a referral. Please refer to your Evidence of Coverage or contact your PCP for the plan with questions about benefit coverage and authorization requirements. Your PCP works with you to help manage your care.

Non-plan providers

As a member of HealthSpan Medicare Plus, you must use HealthSpan plan providers for in-network care. However, you may also use your Original Medicare coverage separate from your Medicare Plus benefits and obtain care from non-plan providers. If you do so, ask the non-plan provider to file a claim directly with Medicare. You will be responsible for Medicare coinsurance, any unmet portion of deductibles, and for charges from providers who do not participate in Medicare, up to the limiting charge.
When a non-network provider sends you a bill

If you receive a bill from an out-of-network provider, you should not pay the bill and instead send it to our Claims Department for processing and determination of your cost-sharing amount, if any.

HealthSpan Claims Department
P.O. Box 5316
Cleveland, Ohio 44101-9774

Emergency Care

You are covered for emergency care. A medical emergency is when you, or any other prudent layperson with an average knowledge of health and medicine, believe that you have medical symptoms that require immediate medical attention to prevent loss of life, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you think you are having an emergency, call 911 or proceed to the nearest hospital emergency room. Emergency care can always be obtained in or out of the service area from the nearest available provider. After the emergency is over, it is important you notify us by calling the Medical Advice line so we can be involved in the coordination of your follow-up health care.

We are committed to providing you with the right care at the right time, in the right place. A member of our trained staff will assess your concerns and symptoms and direct you to the most appropriate treatment. Treatment options include:

- Telephone Nurse advice – free
- Telephone Physician advice – free
- A same-day appointment with the doctor
- An urgent care visit
- A HealthSpan emergency services visit
  (at Parma Medical Center and Cleveland Heights Medical Center)
- A hospital emergency department visit
- A scheduled physician telephone visit – free

You may contact our 24-hour Care Line at the Member Service Center 24 hours a day, 7 days a week at 1-800-524-7377. Our team will assess your condition and review your electronic medical record. You will be directed to the appropriate place, and often we can prescribe a medication or treatment over the phone so you can avoid an unnecessary visit. If you believe you are in an emergency situation and time is critical, go to the nearest emergency department or call 911.

Post-stabilization care

Post-stabilization care is medically necessary services related to your emergency medical condition that you receive after your treating physician determines that your condition is clinically stable. Your follow-up post-stabilization care will be covered according to Medicare guidelines. In general, if your emergency care
is provided by non-plan providers, we will try to arrange for plan providers to take over your care as soon as your medical condition and circumstances allow. If our plan does not cover the post-stabilization care, but Original Medicare does, you will pay the Original Medicare cost-sharing amount. Refer to your Evidence of Coverage for more information.

- If you receive in-network emergency care, it is important to notify us afterward so that we can be involved in the coordination of your follow-up health care. Either let your HealthSpan PCP know, or give us a call at 1-866-433-1333 (TTY 711).
- If you receive out-of-network emergency care, it is very important that your provider call us (1-866-433-1333; TTY 711) to get authorization for post-stabilization care before you receive care from the out-of-network provider.

The phone numbers listed above are also listed on the back of your membership card for convenience.

**Urgent care**

Urgently needed care is medical care you need right away because of an illness, injury, or condition that you did not expect or anticipate, but your health is not in serious danger.

**Inside our service area**

When in the service area you must use plan providers for urgent care, except in unusual and extraordinary circumstances, such as if our providers are temporarily not available or inaccessible (such as a major disaster, epidemic, war, and riot).

If you require urgent care during normal office hours, call the 24-hour Care line. You will be given an appointment with your primary care physician or a member of his or her team. If your PCP is not located in a HealthSpan medical center, we might ask you to call your physician’s office directly.

On weekends, evenings, and holidays, call the appointment and advice line to discuss the situation and get an urgent appointment. The nurse or representative will find the best choice location for you.

**Outside our service area**

If you need urgent care while outside the service area, we cover medically necessary services from a non-plan provider. You must be temporarily outside our service area and you must reasonably believe that your health would seriously deteriorate if you delayed treatment until you returned to our service area. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider accepting Original Medicare. You will be responsible for paying the Original Medicare cost-share amounts (such as coinsurance and deductibles).

**Services when you are traveling**

While you are traveling, you can get certain medically necessary health care services and items from plan providers in other regions or providers in Group Health Cooperative’s (GHC) service area for up to 90 days. You may call Customer Relations for more information about getting care when visiting other regions or GHC’s service area, including coverage information and facility locations in parts of California, Colorado, Georgia, Hawaii, Idaho, Mid-Atlantic States (Maryland, Virginia and Washington D.C.), Oregon, and Washington.
What is the service area for HealthSpan Medicare Plus?

The counties in our service area are listed below. For a map of our service area, please refer to page 10.

Cuyahoga, Geauga, Lake, Lorain, Medina, Portage and Summit.

How do you find HealthSpan Medicare Plus providers in your area?

We have made it easy to locate the physicians of your choice by organizing the directory into sections.

- Physicians are organized by specialty, city and then provider.
- This directory is broken out by primary care physicians, self-referral specialists and referral specialists.
- Other providers are listed by service category; hospital, optometry and emergency; and then by county, city and provider.
- There is an alphabetical index of physicians and their specialties at the back of this directory.

How to choose your doctor

1. Learn about our doctors
   - You can easily read about HealthSpan physicians at healthspan.org/locations.
   - Look through this Provider Directory, or the electronic version at healthspan.org/medicare.

2. Choose your PCP
   - If you don’t choose a PCP when you enroll, we’ll send you a letter asking you to make a selection. If we don’t hear from you, we’ll make a selection for you, based on where you live, and notify you in writing. Of course, you can change your assigned primary care physician any time you like.

3. Tell us your choices. You can:
   - Indicate your selection on the enrollment form.
   - Choose or change your physician by visiting healthspan.org or calling the HealthSpan Customer Relations department seven days a week, 8 a.m. to 8 p.m. at 1-800-493-6004 (TTY 711).
healthspan.org/locations

You can easily read about HealthSpan physicians and choose your doctor online.

You can easily search for our doctors in a variety of ways.

- Choose a medical office that is close to your home or work.
- Search by primary care physicians accepting new patients, specialty, city, zip code, hospital affiliation, or provider specialty to find a doctor that fits your needs.
- Search through the site by using the keyboard search box.

Specialists*

HealthSpan Medical Group
Self-Referral Specialists

You must use HealthSpan Plan providers for in-network care. You may use your Original Medicare coverage separate from your Health Plan benefits and obtain care from non-Plan providers. If you do so, ask the non-Plan provider to file a claim directly with Medicare. You are responsible for Medicare coinsurance, any unmet portion of deductibles, and for charges from providers who do not participate in Medicare, amounts up to the Medicare limiting charge.

*Members cannot choose a specialist as a primary care physician.

This section includes the HealthSpan Medical Group Self-referral specialists our HealthSpan Medicare Plus members can utilize.

No referral necessary when seeking care for Behavioral Health and Ob/Gyn.
No referral necessary when seeking care for Behavioral Health and Ob/Gyn.

This section contains the names, addresses, and phone numbers of the hospital network HealthSpan contracts with for inpatient care and other specific services.

In an emergency
If you believe you are experiencing an emergency, please go to the nearest hospital.

If you receive emergency care in or are admitted to a hospital not listed above, we may choose to move you to a hospital with our network physicians once your condition is stable. By doing so, we can provide you seamless and integrated care both during your hospitalization and in your transition out of the hospital. Your transportation costs will be covered. To understand your benefits for emergency services, please refer to your Evidence of Coverage (EOC).
